

GET READY FOR THE HOLIDAYS!

Now is the time to revive your skin from the summer sun damage with our Laser Resurfacing procedure.

Laser Resurfacing...The new UltraPulse Encore... immediate results that last!

- A single treatment will provide a significant cosmetic benefit.
- Diminishes or eliminates wrinkles, uneven pigment, acne scars and skin irregularities.
- Increases the amount of collagen in your skin.
- With the new CO2 Lite feature, downtime and after care have been greatly improved.
- UltraPulse laser treatments are safe and effective—regarded worldwide as the gold standard.

Introducing VNUS Closure Procedure, the latest state-of-the-art procedure for Varicose Veins.

The VNUS Closure procedure is a minimally-invasive office procedure. Resume daily activities next day. No pain and no bruising.

COVERED BY MOST INSURANCE.

We also offer Photorejuvenation/IPL to treat spider veins, age spots, sun spots, sun damage, mottled pigmentation, ruddy complexion, freckles and rosacea.
